1st. District High School Association Meets Here

DISCUSS IN DETAIL ELIGIBILITY OF STUDENT FOR ATHLETIC CONTESTS

More than fifty superintendents, principals and athletic coaches, representing more than twenty-five of the high schools of the First District met at the Statesboro High school auditorium here Saturday morning.

Mr. E. K. Bell of Ludowici, president of the association presided at the meeting. Immediately after the meeting was called to order each representative introduced himself and his associates.

Superintendent S. H. Sherman suggested that the Secretary of the Association issue complimentary tickets admitting the superintendent, principal and athletic coach of each school in the district to all athletic contests between schools of the association. He explained that this will bring about a feeling of neighborliness among the schools and encourage visiting between the school heads.

Dr. M. S. Pittman of the Teachers college was present at the meeting and stated that an invitation had been extended to all the high schools of the First District to attend one Teachers College's football game, the game to be selected by the heads of the invited schools.

A detail discussion of the by-laws of the Association was held as they apply to football and basketball contests between the schools.

After the meeting the executive committee met.

The officers of the First District Association are: E. K. Bell, Ludowici president; Clyde Herndon, Adrian, secretary and treasurer; J. H. Griffith, Brooklet, first vice president; V. E. Glenn, Greenville, second vice president; H. M. Flanders, Pembroke and W. R. Morris, Swainsboro, members of the executive committee.

Briar Patch Meat Plant Serves 50 Farmers

IVANHOE AND STILSON COMMUNITIES OPERATE MEAT CURING PLANT SUCCESSFULLY ON COOPERATIVE PLAN

Cooperation is proving profitable and serviceable to Ivanhoe and Stilson community farmers when it comes to curing meat.

The Briar Patch Meat Curing plant is now a paying business for these 50 cooperative-minded farmers and at the same time making it possible for them to cure their meat at a saving. Last season these 50 farmers cured their own supply of meat, took in meat for 96 other neighbors and received a dividend of \$5.77 per share.

It cost these cooperators one cent per pound to get a sugar cure on their meat, 37,117 pounds of which is a saving of about two cents per pound and about one-fourth of a cent per pound to smoke the meat.

This cooperative project has worked successfully since the fall of 1932. It was started in the early fall of 1932. The money was raised to complete construction and equipping the plant. The bank the money was deposited in closed after all the materials were ordered. These farmers just dug down in their pockets and carried the project on to completion. The 50 shares were sold to people living in the community to procure the necessary money to build the plant. The late John W. Davis was instrumental in getting the project under way.

NEW JACK PURCHASED IS SIX YEARS OLD AND VALUED AT \$1,000

Cap Mallard, Jr., replaced the jack that died last week with another pure bred Tennessee jack.

George Logan, the coming six-year old jack he now has is valued at \$1,000. He has the ideal coloring; that is, black with a white under line and nose and weighs 900 pounds. The pedigree accompanying the animal indicates that he is from the best line that is available to farmers in this section.

Mrs H.V. Franklin Puts Up 2000 Cans Of Fruits And Vegetables

The desire to live at home and a little effort to make food preservation less burdensome perhaps are the outstanding reasons more than 2,000 cans of various vegetables are found ready for winter use at H. V. Franklin's farm.

Several years ago Mr. Franklin built a small house for the then small children to use as a "play house." The children grew up. The house became obsolete. Mrs. Franklin then took over the play house. She renovated it into a brooder house. The poultry business outgrew the house. Again it had to be remodeled. This time it was developed into a farm canning plant. It is equipped with a small stove, hotel size retort to preserve food under pressure, a sealer, and other necessary equipment. The house is of such construction that it is easy to keep clean.

Today, there are more than 2,000 cans of products stored in the house that were processed during the summer months. And Mrs. Franklin is still going strong. The fall garden of butter beans, white mush peas, purple hull jerseys and tomatoes look favorable to more cans to be added during the next few days.

Tomatoes, string beans, peas, corn, tomato juice, soup mixtures, butter

beans, beets, peats, peaches and other farm products that can be processed make up the winter supply for the family and the tenants on the farm. The canning plant enables the tenants to process their own products when they care to and for Mr. Franklin to be able to supply them with products saved that are usually purchased through the winter.

One unique feature of Mrs. Franklin's canning is that she never forgets the things needed. She even has butter that accumulated during the summer processed, which means she will also have something to cook with anytime she wants to bake a cake.

The larger quantity as well as variety of planting seed found in the canning house attracts attention. Mrs. Franklin explained that she tried to save ample planting seed of all the vegetables they grew, including egg plants and other vegetables that are as a rule hard to get planting seed for without considerable cash outlay. Surplus plants also play a part in the farm income on this farm.

Mrs. Franklin's part of the farming business also has a financial side in addition to her gardening. She has cleared more than \$400 on her farm flock of hens above all expenses since January 1.

Statesboro Boys In Two College Football Games

Last Saturday two Statesboro boys played on two major football teams in two of the South's major football games.

When the whistle began the Tech-Mercer game at Grant Field in Atlanta, Spec Landrum was at the quarterback position for the Mercer Bears. He played the entire game, doing the major part of the passing and a great part of the ball carrying. Spec is the son of Mrs. Landrum, the dietitian of the Teachers College. He finished at Statesboro High School in 1935, after playing with the Blue Devils. He is now a Sophomore at Mercer.

Morris McLeMore, son of Mr. and Mrs. O. L. McLeMore, plays guard for Vanderbilt at Nashville, and was in the game when Vanderbilt played Western Kentucky Saturday. Morris plays guard and is now playing his third year of college football.

On Tuesday night of last week he was interviewed by a sports writer over radio station WSM at Nashville. During the interview he was asked how he stayed in physical condition during the summers and Morris replied that he operated a "one-man-truck-line" hauling watermelons from Bulloch county to North Carolina. When asked to explain how that helped him stay in training Morris replied:

"Boy when you load and unload Bulloch county watermelons you got to be in condition, for they weigh more than seventy-five pounds."

He explained that his cousin, Henry McLeMore, famous United Press sports writer, had placed him on the 1937 All American football team because Henry was afraid that if he did not that his Aunt Deda (Mrs. O. L. McLeMore and Henry's aunt) would not favor him with her excellent fried chicken.

Morris is 20 years old and weighs

CONDUCTING REVIVAL AT PRESBYTERIAN CHURCH

REV. M. C. DENDY

Presbyterian Revival Continues

SERVICE AT 10:30 IN THE MORNING AND 7:30 IN THE EVENING THROUGH SUNDAY

Rev. H. L. Sneed, pastor of the Statesboro Presbyterian Church announced today that the services at that church will continue through the week.

Revival services began at the Presbyterian church last Sunday with the Rev. M. C. Dendy, pastor of the Presbyterian Church of Gainesville, Georgia, in charge. Rev. Dendy is directing both the children's and adult's choirs and is anxious to have a large number to help with the singing.

The services begin at 10:30 in the mornings and 7:30 in the evenings. Rev. Sneed extends a cordial invitation to all to attend the services.

Georgia And Florida Engine Jumps Track

With the aid of the lights of the High School football field and while Statesboro High Blue Devils were playing Vidalia Indians, last Thursday night, a train crew was jacking up a Georgia and Florida railway engine pulling a train which broke a rail and jumped its track. The train was on its run from Statesboro to Midville. The accident happened at Darby's Lumber Yard, near the old Savannah and Statesboro Railroad shops.

Railway jacks were brought here from Vidalia by a motor car, which arrived about dark. The train crew had to build fires to see how to work until the lights at the football field were turned on at 7:30. The engine was jacked up and new rails placed under it and then the engine pulled itself back on the tracks. Three hours were necessary to get it on the tracks from the time they began using the jacks.

BURTON FERRY COMMITTEES TO MEET TO PLAN BRIDGE OPENING

According to G. T. Sharpe, of Sylva, president of the Burton's Ferry Association, a meeting with the committee from Allendale S. C., is planned for this afternoon to discuss the celebration for the opening of the new bridge over the Savannah river, which will be ready to open in the middle of November.

DR. IVAN HOSTETLER TALKS TO ROTARIANS ON HOBBY FAIR FOR BOYS

At its regular meeting Monday the Rotary Club heard Dr. Ivan Hostetler of the Teachers College. Dr. Hostetler talked on "A Hobby Fair for Boys." The Rotary Club is to have a Hobby Fair at some date to be set later.

Major Leroy Cowart of Atlanta was a visitor at the club meeting.

OCTOBER 15 LAST DAY TO REGISTER TO VOTE IN DECEMBER ELECTION

October 15 is the last day for registration in the city to be eligible to vote in the city elections to be held in December. More than 600 are now on the registration list but it is estimated that about 1,000 citizens of Statesboro are eligible to register.

464 Of The County's Mail Boxes Improved

The rural mail boxes of Bulloch county are now ready for the National Letter Writing Week. According to a statement made by Mr. George T. Groover, postmaster, 464 of the 1,395 rural mail boxes have been improved and painted.

The first week in August Mr. Groover had a "Clean-Up Rural Mail Box" campaign. During that week Mr. Groover stated the mail box owners spent considerable time in cleaning up about and improving their mail boxes. 285 improved and cleaned around their boxes and 206 improved, cleaned and painted their boxes.

Rally Day Sunday At Baptist Church

DR. GUY H. WELLS, PRESIDENT OF GSCW AT MILLEDGEVILLE WILL BE THE SPEAKER

Annual Rally Day at the First Baptist Church is next Sunday, October 9. Dr. Guy H. Wells, president of Georgia State College for Women at Milledgeville, Georgia will be the guest speaker. He will speak on some phase of Religious Education. The whole constituency of the church is looking forward to hearing this friend and former member on this outstanding event of the Church year. The goal toward which all the departments of the Sunday School are working is the presence of six hundred people at the Church for this occasion. This is the minimum. It is hoped that there will be many more.

The financial goal toward which the Finance Committee, under the leadership of Mr. T. J. Morris, is a total of twenty-five hundred dollars which is to be applied on the comparatively small debt on the new Educational building. There will be some gifts of considerable size but the sum of the many smaller gifts is depended upon for the reaching of this goal. The First Church cordially invites the public to enjoy this attend this service and hear Dr. Wells' address.

Jane Franceth County Supervisor In Charge

WORK IS OUTLINED AND A NEW AND UNIFORM REPORT CARD FOR SCHOOLS OF ENTIRE COUNTY IS PRESENTED

By Mrs. John A. Robertson (Correspondent)

BROOKLET, Ga.—The first meeting of the Bulloch County Schools in Zone I, composed of the schools at Brooklet, Cliftonreka, Leefield and Stilson, met in a morning session on Saturday in the Brooklet High school library, in charge of Miss Jane Franceth, county supervisor.

Miss Franceth gave a review of the work as outlined in September, and she complimented the schools on the improvement made in the reading and the sanitary centers.

Mrs. F. W. Hughes told of the free material bureau that is available for all Bulloch County schools.

Mr. Wiggins, a Rosenwald student, gave a summary of the survey that was made in the schools in Zone I.

J. A. Pafford, chairman of the report card committee, announced a new uniform card had been adopted for the entire county, and he explained the new phases of the card.

The assembly was divided into three groups as follows: high school group, J. A. Pafford of Brooklet, as chairman; upper grade group, Miss Bonnie Lu Aycock also of Brooklet, chairman; primary group, Miss Alice Rhodes of Leefield, chairman.

An outstanding address of the meeting was made by Mr. Shiller of the Laboratory school of the South Georgia Teachers College. Miss Ethel McCormick of the Stilson school, tendered her resignation as chairman of Zone I, as she is now a Rosenwald student at South Georgia Teachers College.

Lincoln Boykin, of Leefield, acted as temporary chairman.

Mrs. John A. Robertson of Brooklet is secretary of Zone I.

In addition to the regular teachers in the schools of Zone I, a number of visitors attended the meeting.

Fifty eight teachers and school officials attended the meeting.

Austrian Winter Peas Cost \$4 Per Hundred

The cooperative order for winter legumes has been accepted. Austrian winter peas will cost the farmers buying cooperatively \$4 per hundred, hairy vetch \$8.10, and inoculation at dealer's prices delivered.

Orders for the seed will be booked through the week by the vocational agricultural teachers and the county agent for delivery on Monday of each week. The seed will be paid for when delivered, which makes it necessary for farmers placing the order to leave the order to leave the money necessary to pay for their seed.

The contract with the seed concern closes October 15. Farmers desiring to purchase these seed cooperatively are urged to file orders prior to that time.

Under the soil conservation program for 1938 and the program tentatively approved for 1939 soil building payments for planting winter legumes will be made. These payments are adequate to take care of the expense of seeding and turning under the cover crop.

BROOKLET BAPTISTS ELECT DELEGATES TO ASSOCIATION

The members of the Brooklet Baptist Church held an annual conference Sunday night at the church to elect the delegates to the Ogeechee River Association that will meet at Portal on Thursday, October 13. Those appointed are: Mr. and Mrs. R. C. Hall, T. R. Bryan Sr., T. E. Daves and W. W. Mann.

PARENT-TEACHER WEEK

This week is "Parent-Teacher Week" and is receiving special attention in every State in the Union.

Governor Rivers has issued a proclamation calling upon every father, every mother, every teacher and every interested citizen in all the school areas of the State to cooperate in making this week a success.

The school and the home are the two institutions upon which a nation is built, they are vitally interdependent. Indeed it would be hard to imagine good homes without good schools or successful schools without responsive homes.

Parent and teachers, more than any other two groups of people, have in their hands the molding of the lives of the young people of the country. Only when they are working together can they meet such a responsibility.

Bulloch county has always had a well organized Parent-Teachers Association. The successes of the schools in the city of Statesboro and in the county are founded in this organization.

"HIGHWAY" FOOTBALL TEAM SUPPORT

Last Thursday night when the Statesboro High School played Vidalia High school the opening football game of the season the people of Statesboro turned out to support the hokie team in fine fashion, in spite of the unpleasant weather condition.

Such support is what assures the success of our football teams. The members of the Athletic Association appreciate it a great deal and are doing their best to provide the best possible for the teams which represent Statesboro.

However there is one group of supporters for which there seems to be some doubt as to the worth of their support. At the game last week a number of these supporters parked their cars along the highway below the lower entrance to the field and saw the game from where they were parked.

Is that what one would call proper support to our football team and our school?

"DEAR BOY"

"Dear Boy,
"And so you are in college. The dream of the little boy in grammar school and the bigger boy in High School has at last come true. And now you are to be a freshman in the new college world—a world bounded, in a material sense, by a few blocks of buildings and campus and athletic fields—but as to the things of the spirit, it is unbounded in ideals, aspirations, opportunities and all the possibilities that make life "One grand sweet song."
"For a little while it will seem almost too big a world for immediate digestion, and the boy heart in you will turn back with longing to the protecting walls of home, with all that such remembrance means of love and care and petting and humoring—all those merry touches that once may have gone unnoticed, but which now takes on a value never dreamed of in the old sheltered days. Just keep in mind though, that the love from that home can pierce college walls and sweep through space and will always be surrounding you. Also, that the honorable record you make in the coming months and years will be the reward you ever give for that sacred love.
"Then of course, there will be some necessary drudgery, work and study—even college has its "nuts"—and you will have the puzzles of math and the eccentricities of English, and the secrets of science, to say nothing of the mysteries of unknown languages which will perhaps bring furrows to your brow (only for a brief period, however), for there are professors standing by to meet just such needs."Some professors love books, some boys, some of them (may their tribe increase) love boys and books; but all of them, deep down in their hearts, have for their real purpose a desire to provide as nearly as possible, safe conduct along the rocky road of learning."
"The eighteen years back of you, dear boy, will be a wonderful background for you as you struggle on through these new phases of life's development. May good, honest work, clean sportsmanship, play, friendships, strong and true be college life to you."
A college boy handed us the above letter. He stated that it was written by the librarian at Mercer University. He added that he believed it was good advice to any boy in college for his first year. He's right.

The Editor's Uneasy Chair

IT'S HARD TO BELIEVE
We are not asking you to believe this story. To say it is a fish story is to immediately set up a wall of disbelief. But it is a good story none-the-less.

The events making up this story occurred on the Ogeechee river, whose red breast and catfish are famous over the entire state and whose waters reflected South Georgia's history long before the days of Oglethorpe.

The story as told to us has D. C. Proctor and Dedrick Waters fishing in the Ogeechee at the Blitch landing. D. C. has a 90 cent minnow with which he has fallen in love. A beauty—is that minnow—just suits D. C., it has the right weight, the right coloring, the right feel and all. D. C. just knows it will prove irresistible to the smartest of the finny tribe which lie suspended in water space in the shallow pools under overhanging willows.

D. C. makes the cast which begin the series of events of this "hard-to-believe-story." His 90-cent "I'm in love with" minnow drops lightly upon the surface of the waters of the Great Ogeechee. It sinks slowly and fatefully into the water and in so doing assumes the likeness of the most delectable meal a smart trout could desire.

Things now begin to happen. A trout takes D. C.'s minnow and the line sings as it cuts through the water and D. C. with the feeling of "I knew it" begins playing the fish, which he knows to be a large one.
And now enters tragedy. Just as D. C. about has his trout in the bag the minnow which the trout has taken comes loose from the line. . . no reason, just comes loose and away, no minnow, no trout. D. C. is feeling rather low. He has an idea—he asks Dedrick to paddle the boat about in that vicinity. He believes that the trout might dislodge the minnow from his gills and the prize minnow float to the surface of the water and be recovered.

At this point of the story D. C. and Dedrick's attention is diverted to a definite disturbance in the surface of the river under some low hanging willows near the river bank. They move over to the place where the water is being churned to a white froth and investigate. Ok—get all set—for we warned you this is a "hard-to-believe" story.

D. C. and Dedrick find that all the water excitement is being caused by D. C.'s trout, which was still on his 90 cent minnow, one of those hooks had caught on a piece of half just beneath the surface of the water. And so D. C. catches his three and one-half pound trout and saves his 90 cent, "I love you" minnow.
And that is just the way the story was told to us.

SEVENTH GRADE TO HAVE FORMAL GRADUATION EXERCISES IN MAY

By CLETUS NESMITH

The seventh grade students have been feeling quite important for the past few days since Superintendent Sherman has announced that the seventh grade will have a formal graduation, be awarded diplomas and wear caps and gowns just like the seniors of the high school.

Even the eighth grade "threatens" to turn around and go back "just to get the thrill of junior graduation." Mr. Sherman has already arranged for the diplomas to be sent when the company is notified of the number needed.

We are betting on the whole class graduating with all this dream being true.

NEW BOOKS FOR LIBRARY TO BE ON SHELVES IN FEW DAYS

We are very happy to announce a number of new books have been ordered for the library and should be ready for circulation in about two weeks. Seventeen, Alice Adams, To Have and To Hold, Death Comes to the Archbishop, and a number of other titles that have been frequently requested are included in the list.

With the arrival of the new books, pupils will have a wide selection to choose from and they will read not only for credit in English and History but just for the joy of adventuring into the worlds that await every reader between the covers of books.

New books — New worlds. And every book is a new book until you have read it regardless when it was published.
Watch for a display of the new books in the library.

PLANS FOR STUDENT COUNCIL ARE BEING MADE

By SARA HOWELL

Plans are being made to form a student council for the Statesboro High School. Officers will be elected and each home room will have one representative in the council.

These officers and representatives will be elected according to their academic work and citizenship. Members of the council besides the officers and representatives will consist of the faculty and student officers.

The student council has long been a dream of the school. Its realization will go one step further in making Statesboro High one of the best, if not the best school in the state.

NEWS AND VIEWS

By "DUB" LOVETT

Faculty has meeting in school library. I saw each going up. Seems to me they should invite us sometimes.

We begin to see a little hair sprouting. Don't get discouraged. Just four or five more inches to go.

The members of the football team that played last Thursday night were given a drink and a sandwich at the College Pharmacy Saturday by Mr. Lester Proctor, one of the team's best supporters. If we don't win Friday night from E. C. I. the favor has to be returned to Mr. Proctor by each boy.

Mr. Montgomery sure has knee action, you should watch him lead the cheering in chapel.
Why does a certain little bald-headed soda jerk look so down hearted these days?

Mr. Sherman's idea of a chapel program is really something. Come on down some Tuesday or Friday about 12:00 o'clock and see for yourself. You're always welcomed.

Mr. Carpenter, a lovely silencer, was wedding present. We all extend our congratulations to him. He's a swell fellow.

THE VALUE OF MUSIC TRAINING IN HIGH SCHOOL

An Editorial
By JACK AVERITT

In considering the term music, it is exceedingly difficult to estimate its great value to a high school student, not only during his high school life but during his college years and even in later life. It builds a foundation on which one may find support in all courses of study.

The person who studies music in high school and gets the foundation there has truly acquired a valuable accomplishment. During this study one becomes associated with other music leaders who are usually among the first in their community. In this manner he is known as being one who is able to come in contact with other people easily. Naturally people envy a person who has the ability to get up before an audience gracefully and effectively.

To the student entering college, musical training proves itself valuable once again. He is known personally by the majority of the students. He associates with the best people and becomes a member of the most desired organizations. In this way one learns the higher ideals of life.

Even in traveling one comes in contact with many distinguished and interesting people through his previous training in music.
In one's later life music plays a most vital part. Many are the opportunities offered to the music lover. Although one doesn't take music as a profession, to him entering business, his work comes more easily with the knowledge of this great art. One can spend many happy hours after coming from the office, finding this pleasure in his music.

Someone has defined music as "the rhythmic creation of beauty" and truly this fits the term most perfectly. Another has stated that no education is complete without music. In our modern times it is becoming harder and harder to get along without music. The study of music is really a pleasure but it is gradually becoming a necessity.

W. Otto Messner has expressed the thought of music beautifully in these lines:
I am music, my child!
I am heard in the breeze,
In the storm, loud and wild,
In the humming of bees.
In the bird—songs at noon
In thy mother's low croon
In the laughter of thine
I am Music Divine! My child!I am music, my child!
I am seen in the stars,
In the light of the moon
In the wave-beaten bars
In the sky-mirrored sea
In each flower and tree
In mart, mill and mine
I am Music Divine! My child!I am music, my child!
I am felt in the breast
Of the savage and wild,
Of the gentlest and best.
In thy smiles and thy tears,
In thy hopes and thy fears,
My solace is thine:
I am Music Divine! My child!I am music, my child!
I am felt in the breast
Of the savage and wild,
Of the gentlest and best.
In thy smiles and thy tears,
In thy hopes and thy fears,
My solace is thine:

FRESHMEN TEAM UNDER COACH MONTGOMERY SHOWS TALENT

By JOHN SMITH

Under Assistant Coach R. A. Montgomery, the Freshman team and upper classmen who are not yet heavy enough for the varsity squad, have organized what is known as the Freshman team.

These boys are working hard and will by next year be ready to move up to the varsity as more experienced players.
Junior Pointeater, Robert Groover, and Zack Smith show speed and will be expected to be in shape to do much next year. Robert Groover has on several occasions played on the second team against the varsity and has shown quite a good bit of ability.

John Pointeater, Robert Groover, Morris and Lamar Aikens show much ability as linemen. Belton Braswell has been injured but he will step in somebody's shoes to take a place on the varsity next year.

SENIORS CONDUCT CHAPEL SINGING PROGRAM FRIDAY

By FRANCES BLACKBURN

The senior class had charge of the singing in chapel Friday with Miss Carmichael in charge of the program.

After the singing of a few songs, Mr. Sherman made a short talk about the game Thursday night of last week in which Statesboro defeated Vidalia by a score of 13-0. Mr. Sherman expressed his deep appreciation for the splendid work of the team and the fine sportsmanship shown by the players.

He suggested that the boys dedicate the game with E. C. I. to Mr. Johnson. The game between Statesboro and E. C. I. is to be played Friday night on the local gridiron.
A song was sung to Mr. Sherman and to Mr. Johnson, and after several requests the Bells of St. Mary's was sung.

The student body is rapidly improving in the assembly singing.

ANNELE COALSON RATES HIGH IN MUSIC PLACEMENT TEST

By JACK AVERITT

Annelie Coalson, former Statesboro High student, now a freshman at Shorter College rated third place in the music placement test given to all freshman majoring in music.

Annelie was twice winner of the regional district contest in Savannah and took an active part in the music promotion in Statesboro High School.

Annelie is keeping up the reputation of Statesboro High School at Shorter, as Gladys Thayer ranked among the first in these tests several years ago.

STUDENT BODY STAGES PEET MEETING FOR GAME LAST WEEK

By Frances Blackburn

A pep meeting was held in the High School auditorium last Wednesday during the activity period for the purpose of arousing football spirit for the game between Vidalia and Statesboro last Thursday night in which Statesboro won 13-0.

The cheer leaders, Maxann Foy, Dight Olliff, Hu Marsh Smith, Martha Hodges, Annie Laurie Johnson, and Martha Wilma Simmons, led the meeting.

Special yells were given for Mr. Johnson, coach, assistant coach Montgomery, the cheer leaders themselves and three of the players, Davis Barnes, captain, John Martin, alternate captain and Cliff Purvis.

Inspiring talks were given by each of those giving pep to the team. The spirit shown during the meeting was one which has not been shown in S. H. S. for a great many years. There was enough excitement and enthusiasm in the faces and voices of the student body and faculty to win every game this season.

School songs were sung and the meeting was closed with a spirited singing of the Alma Mater.

Submitting a proposed amendment to the Constitution of Georgia to be voted on at the General Election to be held on Tuesday, November 8, 1938, amending article 7, section 7, paragraph 1, of the Constitution of the State of Georgia, authorizing the State of Jefferson to incur a bonded indebtedness in addition to the amount authorized by the Constitution and laws of Georgia, for the purpose of refunding and retiring any bonded indebtedness due up to and including January 1, 1938, and which becomes due up to and including January 1, 1945; to provide that the funds raised from such additional bonded indebtedness shall be used exclusively for the retirement of said bonded indebtedness that is or may become due and unpaid as of January 1, 1938, and which becomes due up to and including January 1, 1945; to provide for the amendment for ratification by the people; and for other purposes.

By His Excellency,
E. D. RIVERS, Governor,
State of Georgia, Executive Dept., September 1, 1938.

Whereas, The General Assembly at the 1937-38 extraordinary session proposed an amendment to the Constitution of this State as set forth in a resolution approved February 12, 1938, relating to the bonded debt of Jefferson, to-wit:

A RESOLUTION
No. 12.
A Resolution proposing to the qualified voters of Georgia an amendment to article 7, section 7, paragraph 1, of the Constitution of Georgia, so as to authorize the State of Jefferson to incur a bonded indebtedness in addition to the amount authorized by the Constitution and laws of Georgia, for the purpose of refunding and retiring any bonded indebtedness due up to and including January 1, 1938, and which becomes due up to and including January 1, 1945; to provide that the funds raised from such additional bonded indebtedness shall be used exclusively for the retirement of said bonded indebtedness that is or may become due and unpaid as of January 1, 1938, and which becomes due up to and including January 1, 1945; to provide for the amendment for ratification by the people; and for other purposes.AN ACT
No. 365.
An Act to propose to the qualified voters of Georgia an amendment to article 7, section 7, paragraph 1, of the Constitution of Georgia, so as to authorize the State of Jefferson to incur a bonded indebtedness in addition to the amount authorized by the Constitution and laws of Georgia, for the purpose of refunding and retiring any bonded indebtedness due up to and including January 1, 1938, and which becomes due up to and including January 1, 1945; to provide that the funds raised from such additional bonded indebtedness shall be used exclusively for the retirement of said bonded indebtedness that is or may become due and unpaid as of January 1, 1938, and which becomes due up to and including January 1, 1945; to provide for the amendment for ratification by the people; and for other purposes.Section 1.
Be it enacted by the General Assembly of the State of Georgia, that the Constitution of the State of Georgia, which has heretofore been amended, shall be further amended by adding to the end thereof a new paragraph to read as follows:
"And except that the City of Jefferson may issue refunding serial bonds, past due and unpaid, for a sum of \$35,000.00 for the purpose of refunding and retiring any bonded indebtedness of said city outstanding, past due and unpaid, on January 1, 1938, and any bonded indebtedness of said city outstanding and which becomes due up to and including January 1, 1945, and provided for the assessment and collection of an annual tax sufficient to pay the principal and interest on said bonds as they fall due; the proceeds of such refunding bonds so issued shall be used exclusively for the purpose of paying and retiring said bonded indebtedness that is or may become due and unpaid as of January 1, 1938, and which becomes due up to and including January 1, 1945, and provided for the assessment and collection of an annual tax sufficient to pay the principal and interest on said bonds as they fall due; the proceeds of such refunding bonds so issued shall be used exclusively for the purpose of paying and retiring said bonded indebtedness that is or may become due and unpaid as of January 1, 1938, and which becomes due up to and including January 1, 1945, and provided for the assessment and collection of an annual tax sufficient to pay the principal and interest on said bonds as they fall due; the proceeds of such refunding bonds so issued shall be used exclusively for the purpose of paying and retiring said bonded indebtedness that is or may become due and unpaid as of January 1, 1938, and which becomes due up to and including January 1, 1945, and provided for the assessment and collection of an annual tax sufficient to pay the principal and interest on said bonds as they fall due; the proceeds of such refunding bonds so issued shall be used exclusively for the purpose of paying and retiring said bonded indebtedness that is or may become due and unpaid as of January 1, 1938, and which becomes due up to and including January 1, 1945, and provided for the assessment and collection of an annual tax sufficient to pay the principal and interest on said bonds as they fall due; the proceeds of such refunding bonds so issued shall be used exclusively for the purpose of paying and retiring said bonded indebtedness that is or may become due and unpaid as of January 1, 1938, and which becomes due up to and including January 1, 1945, and provided for the assessment and collection of an annual tax sufficient to pay the principal and interest on said bonds as they fall due; the proceeds of such refunding bonds so issued shall be used exclusively for the purpose of paying and retiring said bonded indebtedness that is or may become due and unpaid as of January 1, 1938, and which becomes due up to and including January 1, 1945, and provided for the assessment and collection of an annual tax sufficient to pay the principal and interest on said bonds as they fall due; the proceeds of such refunding bonds so issued shall be used exclusively for the purpose of paying and retiring said bonded indebtedness that is or may become due and unpaid as of January 1, 1938, and which becomes due up to and including January 1, 1945, and provided for the assessment and collection of an annual tax sufficient to pay the principal and interest on said bonds as they fall due; the proceeds of such refunding bonds so issued shall be used exclusively for the purpose of paying and retiring said bonded indebtedness that is or may become due and unpaid as of January 1, 1938, and which becomes due up to and including January 1, 1945, and provided for the assessment and collection of an annual tax sufficient to pay the principal and interest on said bonds as they fall due; the proceeds of such refunding bonds so issued shall be used exclusively for the purpose of paying and retiring said bonded indebtedness that is or may become due and unpaid as of January 1, 1938, and which becomes due up to and including January 1, 1945, and provided for the assessment and collection of an annual tax sufficient to pay the principal and interest on said bonds as they fall due; the proceeds of such refunding bonds so issued shall be used exclusively for the purpose of paying and retiring said bonded indebtedness that is or may become due and unpaid as of January 1, 1938, and which becomes due up to and including January 1, 1945, and provided for the assessment and collection of an annual tax sufficient to pay the principal and interest on said bonds as they fall due; the proceeds of such refunding bonds so issued shall

Blue Devils Battle E.C.I. Bulldogs Friday Nite; Game To Be Toughest On '38 List

High Schoolers Show Great Fighting Spirit In Drubbing Vidalia Indians 13-0

"We are going to beat E. C. I. Friday night." These are the words that the coach of the Statesboro Blue Devils uttered the day after the game between Statesboro and Vidalia in which Statesboro was victorious 13-0.

Coch Johnson of Statesboro High said that he didn't care what was printed in the newspapers or what was said by the fans as to how good a team the E. C. I. coaches will bring down here Friday night, he knows his boys were going to outstep the boys with "Bulldogs" as their nickname. He stated that "Bulldogs" doesn't mean a thing, when it is put up against the "Devil."

With the Vidalia Indians' scalp under their belts the Blue Devils from the Statesboro High school are preparing for probably the toughest game of the season. E. C. I. has already won in their "won column" and they say they will chalk up another Friday night. But they didn't say which column they would be chalking in, although it was supposedly taken for granted that they meant the "won column."

The game with E. C. I. will be played under lights on the Statesboro Athletic field and is scheduled to begin at 8 o'clock.

All of the Blue Devils are in fine shape although they were quite a few sore muscles and several scratches after their tilt with the Indians on Thursday night. These should be worked out by the time the whistle blows for the kickoff Friday night.

BLUE DEVILS DEFEAT VIDALIA BY TWO PLAYS ON A RAIN SOAKED FIELD 13-0

On a football field that had three days of washing by heavy rains and that was being wrenched off with a light drizzle that insisted on falling throughout the entire game, Davis Barnes and ten other Blue Devils defeated the Vidalia Indians in a manner that proved very decisively that they, the Blue Devils, were much the better team.

With two plays, a pass for an extra point exceptionally good punting, stout line on defense, and a fast defense for a pass attack (a wet ball) the Blue Boys of the High school marched off of the newly washed Athletic gridiron in much more glory than they did when they marched on for the opening kickoff that lit the fuse on the local football season after they had secured thirteen points and acquired the "hone" that Vidalia acquired.

The two plays were—an off tackle line drive with Davis Barnes making anywhere from five to ten yards at a try and carrying a portion of Vidalia line with him—end run with Joe Robert Tillman, Bruce Robertson and Edwin Groover carrying the ball for nice gains. The pass for the extra point—Edwin Groover to John Smith. The good punting by—Joe Robert Tillman and John Smith. The stout line—they all did well, but special mention goes to Cliff Parvis, Charles Layton and Roy Hitt, end, center and tackle, respectively. The fair pass defense, a muddy field and wet ball. That is the ball game with around 500 people there to witness it and get a good taste of a Fall rain.

Both of the Blue Devil scores were made by Davis Barnes and he still was carrying a portion of the Vidalia line.

NEVILLS NEWS

MISS MAUDE WHITE

P. T. A. MEETING.
On Thursday afternoon, Sept. 22, the Nevills P. T. A. held its regular meeting in the High School auditorium. There were sixty three people present to enjoy the following program:

Song, "America the Beautiful," by audience.
Devotional, Mr. James Radcliff.
Address, "The Nutrition of Lunch," by Miss Lucy Stokes.
Miss Stokes gave an outline in a chart form of a daily balanced diet for a growing child, and expressed the importance of strictly sticking to this diet. Miss Stokes also gave an interesting report on the results of the hot lunch, served at school last Wednesday, which was a very good success. Plans were submitted to secure cooking utensils, dishes and other material for the home economic department.

Miss Stokes began a project Monday afternoon by which she hopes to assist with financing this department. The faculty was asked by the organization to take charge of the "J. E. Mainer's Crazy Mountaineers" radio program which will be staged on Wednesday night, October 26, at 8:00 o'clock in Nevils High School auditorium, and put it on to the best advantage of the school. After a round table discussion the guests were invited to the library where refreshments were served by Mrs. B. F. Fitch, Mrs. G. C. Avery, Mrs. Dewey Martin, Mrs. C. E. Nesmith, Mrs. Dr. C. E. Stapleton.

HOME EC. LEFT BEING FURNISHED.

Miss Stokes, who is at the head of the Home Ec. Dept. of Nevils High School, spent a part of Monday in Statesboro, assisting with the purchasing of the equipment for her department. A wood stove, an electric stove and a refrigerator is already paid for. The people of our community are contributing generously in helping to fill the cabinets of the Home Ec. department with dishes, silver, and cooking utensils. We appreciate these donations greatly and several more are expected to come in soon.

THE LUNCH ROOM.
The Nevils Lunch Room on the school campus is functioning very satisfactorily. A meal is served each day to more than 100 children. The home economic department is laboring.

STRESSES THE VALUE OF CREATIVE WORK IN STUDENT ACTIVITIES IN HIGH SCHOOL
49 Bulloch county teachers in Zone 2, gathered at the Westside school last Saturday morning for the study of the social sciences. The meeting was in charge of Miss Jane Francis, county supervisor. W. Louis Ellis is secretary of the Zone organization and R. A. Wynn is chairman.

The teachers heard a report from the committee which designed a new report card for the schools of the county. H. P. Womack, County School Superintendent talked to the meeting for a short time.
The High School group of the meeting heard Mr. Samuel Schiller of the Teachers College Laboratory school who talked on the subject of Social Science Activities in the high school levels. Mr. Schiller displayed a large number of posters, booklets, cartoons, books and other projects completed by members of his classes demonstrating the great good that can be derived from such activities. He emphasized the value of creative activities which make a more lasting impression upon the student.
Zone 3 meets at Nevils Saturday of this week.

WILLIAM M. RIGDON BEGINS FIFTH TERM

Chief Yeoman William M. Rigdon, reenlisted in the Navy on October 4 for his fifth four-year enlistment. He first enlisted in the Navy, at Atlanta, Georgia, on December 16, 1922 and has served continuously since that date.

Rigdon saw service in Nicaragua during the internal trouble there in 1936 and for a period of time he was a member of the crew of the airship Los Angeles.
Rigdon is the son of the late Mr. and Mrs. D. B. Rigdon of Statesboro. He attended Statesboro High School prior to enlisting. He will become eligible for transfer to the Fleet Naval Reserve (20 years) on the completion of his current enlistment.

15,000 LBS. OF WINTER LEGUME SEED RECEIVED
The first lot of winter legume seed ordered cooperatively totaled about 15,000 pounds. Most of this shipment was sent last week. The shipment delivered this week was for some 12,000 pounds.

The price for Australian winter peas and hairy vetch for the cooperative order is good until October 15. Bulloch farmers who desire to buy the peas at \$4 per hundred delivered and the vetch at \$8.10 are urged to file their order with one of the vocational agriculture teachers or county agent prior to Saturday night.

Under the soil conservation for 1938 enough payments are available to off-set the cash outlay in seeding winter legumes and the using of 16 per cent acid phosphate or basic slag on these legumes.

Arthur Gannon, extension poultryman, and Joe Bell, who has been with the egg laying contest at the Georgia State College of Agriculture for several years are expected to meet with local poultrymen.

Petition Asks For Juvenile Court

PETITION POINTS OUT NEED OF SUCH A COURT AND THE GOOD THAT IT MAY DO

A petition is being made to Hon. Wm. Woodrum, Judge of Bulloch Superior Court asking for the establishment of a Juvenile Court in Bulloch county. The petition asks Judge Woodrum to appoint City Court Judge Linton G. Lenoir as the judge of the Juvenile court.

The petition points out the need of such a court and that Judge Woodrum has the authority according to Section Five Juvenile Court Amending Act of 1935.

The petition further points out that there have been a number of cases lately in Bulloch county that would come under the jurisdiction of a Juvenile Court but at the present there is no one with authority to deal with these cases until they have really committed some crime and that it is improper to allow certain orphans, incorrigibles, delinquent and neglected children continue in bad environment until they become criminals, when in many instances with the proper assistance, they can be brought up to be good moral citizens.

Rivers And George Are Nominated At Convention

Mr. And Mrs. W.W. Mann Do Their Own Home Landscaping

Taking advantage of the fact that there are many native plants in Bulloch county that will change just a home into a place of beauty and pride, W. W. Mann and Mrs. Mann have over the last three years found 58 varieties of shrubs and 14 trees suitable to use in landscaping the ground about their home. Mingled with these native plants they have 54 varieties of cultivated flowers and plants. Behind a large, spacious lawn of carpet and centepede grass they have more than 1,000 shrubs, flowers and trees grouped in a well-planned garden that is a demonstration for the community.

In discussing their landscape program in a 30 minute period over radio station WTOC from Savannah Wednesday, Mr. and Mrs. Mann pointed out that their project was a family job and that there was work in the garden for every member of the family.

Mr. Mann stated that it was necessary to select small plants and then prune them severely. He never fertilizes the plants when transplanted but uses mulch around the roots. The fact that he has lost only a few plants out of the more than 1,000 moved indicates that his idea is correct. All through the year and tag them for transplanting in the fall.

Mrs. Mann thinks it important to study the grounds from all approaches to the home, from the various parts of the house, through the windows, and from the rear of the house, and then follow a definite plan if the desired effects is to be obtained. She has grouped her plants so well that the bare sand yard started with in 1935 now is a garden they can just be proud of. Their groupings show that the plantings were not made around this country home without thought and study. The placing of the shrubs, trees and flowers about this large lawn is comparable to that found in urban communities.

The native plants selected have blossoms, leaf beauty, form, fall coloring of berries and leaves even when the bloom is inconspicuous. For softening stiff lines or covering bare spots, they have used native cypress, weebone, and ground pine in addition to ivy, coral and wisteria. A Cherokee rose also helps screen one of the back yard fences.

For a base they have massed a few varieties of shrubs with taller growing plants flanked by smaller ones to lengthen the blooming season. Broad leaved evergreens were used for a background because they disliked the formality of the quick effect conifers.

Mr. and Mrs. Mann admit that using native plants to landscape their home called for more labor than would have been required of them had they purchased their plants from a nursery, but Mrs. Mann was quick to add that it did not call for the cash outlay that nursery stock would have called for.

County PTA Council Meets

AT MIDDLEGROUND SCHOOL, OCTOBER 22 TO CONTINUE PROGRAM ON "LIVING AT HOME"

The Bulloch County P. T. A. Council will meet with the Middleground School P. T. A. on Saturday, October 22, at 10:30 in the morning.

The program was worked out around the subject "Family Relations in the Home." This is the fourth topic dealing with the year's program made up of "Living at Home." The past three meetings have dealt with "Reading in the Home," "Health in the Home," and "Recreation in the Home."

This ends the programs as planned for this year's study by the program chairman, W. Louis Ellis.

The complete program for the meeting, October 22, will be announced later.

Talmadge And Supporters Stage Walk-out In Macon

PLATFORM CALLS FOR CONTINUANCE OF THE RIVERS PROGRAM IN THE STATE AND CO-OPERATION WITH NATIONAL ADMINISTRATION

With the efficiency of a steam roller the state Democratic convention in Macon last Wednesday moved swiftly along with no indication of the fireworks which were touched off at 8:30 the afternoon when Samuel D. Hewitt of Atlanta, chief counsel for Talmadge, called upon the convention to nominate Talmadge, asserting that the George nomination had been "obtained by fraud and in violation of the laws of the state."

The Talmadge fight developed after Governor Rivers and Senator George had been duly placed in nomination and resolutions offered declaring them the nominees of the party for Governor and Senate.

Mr. Hewitt, appeared before the microphone and announced that he was a delegate by proxy from Marion county. The proxy was certified by B. S. Miller, chairman of the Marion delegation. When he had secured recognition from Zack Arnold, the presiding chairman, Hewitt faced the convention waving what he said were ballots "stolen from the ballot box in Greene county." This statement was greeted with cries from the galleries "That's right, that's right."

He stated that he was ready to present affidavits showing that "George either himself or through his agents had purchased votes in Greene county."

Hewitt also charged that a number of ballots had not been counted in Habersham county. He cited 23 contests filed in as many counties by Talmadge and declared that Talmadge had been denied a fair hearing in all these counties.

Hewitt was followed by B. S. Miller, who seconded Talmadge's nomination. He insisted upon the right

DR. R. J. KENNEDY CASTS BULLOCH'S FOUR VOTES AT MACON CONVENTION

Dr. R. J. Kennedy, as chairman of the Bulloch county delegation to the state Democratic convention, cast Bulloch county's four unit votes for Senator Walter F. George in the roll call which was forced by the supporters of former Governor Talmadge at the convention held in Macon last Wednesday.

He was heard amid cheers from the galleries and scattered boos from the delegates' section on the main floor.

C. T. Guyton, of Effingham county, who also made a seconding talk furnished the most amazing demonstration of the convention. Possessing a voice which would have been heard over the entire auditorium, it was magnified by the microphone into a boom which rocked the hall. The delegates feeling the tension, lessened began heckling the speaker with shouts of "Louder! Louder!" and "take him away. But Guyton outshouted 5,000 voices and retired only when Zack Arnold, vice chairman, called time on him. The convention having previously adopted a rule allowing only five minutes for each of the seconding speeches.

After the seconding speeches were made and a vote called for on the nomination, Talmadge supporters forced a roll call. Vice Chairman Arnold ordered the roll call, when more than one-fifth of the delegates called for it.

Each county was polled and the chairman of the county delegation was ordered to vote as his county had voted. George received 242 county unit votes, 36 more than the 206 necessary to nominate a candidate. Talmadge received 148 county unit votes and Camp 20 unit votes.

With the roll call completed the democracy of Georgia renominated Walter F. George as its candidate.
